

Ohio Treasure Chest Of Technology Resources

Created and maintained by North Canton City Schools

Dear Parents,

The **Internet** is a **wonderful resource**, but it is also **very large** and the **good stuff can be difficult to find**. To help parents with this, North Canton City Schools has created the "**Ohio Treasure Chest**" which is a collection of **thousands of free, educational web sites** for your children. The resources in the Treasure Chest are:

- **Fun, Interactive, Safe, and Easy to find**
- **Linked directly to what your children are learning in school**
- **Able to give your children extra practice as needed**
- **Able to let your children move ahead into more advance topics**
- **Able to help your children with homework and projects.**
- **Perfect for keeping skills sharp over long breaks** such as spring break, winter break, or summer break.
- **And best of all ... Free!**

The Ohio Treasure Chest can be located online at:

<http://www.ohiotreasurechest.org>
